## **Proof of Residency Affidavit**

Michigan school districts have the right to require proof of residency regarding enrollment. By signing this affidavit, you are affirming that the address given on all forms is the current legal residence of the parent/guardian enrolling the student and is the residence of the student.

Should the school district learn that the noted address is not the residence and/or the parent/guardian lives outside the school district boundaries, he/she will be excluded from the school district immediately.

This school district requires verification of residency by parent/guardian providing originals of one item on the list below. School district personnel will make copies and return the originals. All documents must be current and contain name and address. Envelopes will not be accepted.

- Purchase/Lease Agreement
